II. CERTAIN CASH TRANSACTIONS PERFORMED BY THE MNB

EXCHANGE OF BANKNOTES AND COINS WITHDRAWN FROM CIRCULATION EXCHANGEABLE TO LEGAL TENDER

7. With the exception of the second paragraph in this Section, the MNB exchanges banknotes and coins withdrawn from circulation to legal tender at face value until the deadline for exchange, after which no such request is granted.

If the deadline for exchange falls on a public holiday or bank holiday, the MNB shall exchange the banknotes and coins withdrawn from circulation into legal tender on the first working day following the exchange deadline at the latest.

8. The MNB shall exchange banknotes and coins withdrawn from circulation for legal tender against a denomination list completed by the Customer as provided for in Annex 2 to these Business Terms and Conditions. If the Customer requests the exchange of more than 50 banknotes withdrawn from circulation, the MNB shall be entitled, without giving any reason, to accept the banknotes for inspection by committee against a receipt completed by the Customer and defined in Annex 3 to these Business Terms and Conditions (hereinafter: receipt), and pay the value to the Customer by transfer to a payment account or by post, as the Customer may determine, in accordance with the result of the inspection carried out within 30 calendar days. If the value of the banknotes

received exceeds HUF 200,000, the MNB will only make the relevant payment by transferring the amount to a payment account of the Customer.

9. The MNB returns the Customer the banknotes and coins withdrawn from circulation that cannot be exchanged to legal tender sent by the Customer by post only at the Customer's explicit request.

EXCHANGE OF HARD-TO-RECOGNIZE, INCOMPLETE OR OTHERWISE DAMAGED BANKNOTES

10. Banknotes that are difficult to recognise, are incomplete or otherwise damaged shall be exchanged by the MNB at nominal value against a denomination list completed by the Customer, as provided for in Annex 2 to these Business Terms and Conditions, if the authenticity and the nominal value of the banknotes can be established beyond any doubt. A further condition for the exchange of an incomplete banknote is that the Customer shall present more than 50% of the banknote. An incomplete banknote consisting of several pieces may be exchanged if it is proved that the parts which can be joined together belong to the same banknote. The MNB withdraws banknotes with more than 50% of their surface missing without any payment made.
11. If a request for exchanging banknotes that are difficult to recognise, are incomplete or otherwise damaged is received, the MNB shall have the right to accept these for the purpose of inspection by a currency expert against a denomination list completed by the Customer, as provided for in Annex 3 to these Business Terms and Conditions. The MNB will pay the Customer the value of banknotes accepted for examination by a currency expert as they are difficult to recognise, are incomplete or otherwise damaged on the basis and according to results of the inspection by the currency expert, and shall pay such sum by transfer to a payment account or by post, as the Customer may determine. If the value of the banknotes received for inspection by a currency expert exceeds HUF 200,000, the MNB will only make the relevant payment by transferring the amount to a payment account of the Customer.

If, based on the expert examination conducted, the value cannot be refunded, the MNB notifies the Customer thereof by electronic mail if the Customer has provided his electronic contact or, failing this, by postal letter, and withdraw the hard-to-recognised, incomplete or otherwise damaged banknote without any payment made.
12. The MNB shall not pay compensation for the value of banknotes that have been destroyed.
13. The MNB shall withdraw, without compensation, any hard-to-recognise, incomplete or otherwise damaged banknote sent by the Customer by post, which – pursuant to the provisions of Sections 10-12 – cannot be exchanged for legal tender, and shall notify the Customer to this effect by electronic mail if the Customer has provided his electronic contact or, failing this, by postal letter.
14. The MNB will accept for inspection by a currency expert any quantities of banknotes that the Customer wishes to exchange as they are chemically or biologically damaged (contaminated) or damaged (contaminated) due to the activation of security devices used to prevent theft of currency, doing so against a receipt completed by the Customer in accordance with Annex 3 to these Business Terms and Conditions.

The MNB accepts damaged (contaminated) banknotes from authorities proceeding in a criminal case only in sealed packaging, along with a cover letter or minutes.

The MNB will pay the value of banknotes accepted for examination by a currency expert as they are damaged (contaminated) on the basis and according to results of the inspection by the currency expert, and shall pay such sum by transfer to a payment account or by post, as the Customer may determine. If the value of the banknotes received for inspection by a currency expert exceeds HUF 200,000, the MNB will only make the relevant payment by transferring the amount to a payment account of the Customer. The MNB will not return damaged (contaminated) banknotes received.

If, based on the expert examination conducted, the exchange value cannot be paid, the MNB notifies the Customer thereof by electronic mail if the Customer has provided his electronic contact or, failing this, by postal letter, without returning the damaged (contaminated) banknote received.

EXCHANGE OF HARD-TO-RECOGNIZE DAMAGED COINS

15. Coins that are difficult to recognise shall be exchanged by the MNB only if sorted by denomination by the Customer, as provided for in Annex 2 to these Business Terms and Conditions, and if the authenticity and the nominal value of the coins can be established beyond any doubt. If the nature of the damage justifies it (for example, visual inspection reveals that the damage or contamination may even be harmful to health), the MNB is entitled to follow the procedure set out in the second paragraph of Section 16, irrespective of quantity.
16. The MNB exchanges hard-to-recognise, damaged coins exceeding 50 pieces, based on prior notification of the relevant request. Prior notification of the exchange request may be made in person or by e-mail using the contact details provided in Section 4.1. The MNB shall receive the coins from the Customer by the tenth working day after the prior notification of the request for exchange, at the latest, in the manner specified in paragraph two. The MNB shall designate the place and time of receipt depending on the quantity of coins and shall notify the Customer thereof at the contact details provided together with request for exchange.

The MNB will accept coins for inspection by committee if their quantity exceeds 50 pieces and they are difficult to identify and damaged; the coins must be packaged by denomination in packages weighing maximum 2 kilograms and marked with the presumed content, and will be accepted against a receipt completed by the Customer in accordance with Annex 3 to these Business Terms and Conditions. The MNB may weigh the packages upon receipt or check their contents by sampling. The MNB will reject the entire quantity of coins if it detects any deviation from the prescribed requirements (e.g. if denominations are mixed or if foreign coins are present). The MNB may also refuse to take delivery of the coins if the Customer refuses to provide information on the origin of the coins or the circumstances of the damage.

17. The MNB shall pay the exchange value for the hard-to-recognise, damaged coins received for examination by the committee, in accordance with the result of the examination performed by the committee within 30 calendar days by credit transfer to the payment account of the Customer.

EXAMINATION OF SUSPECTED COUNTERFEIT NOTES AND COINS BY CURRENCY EXPERT

18. The MNB shall accept suspected counterfeit banknotes and coins, including foreign currency, for currency expert examination in all cases against a receipt completed by the Customer in accordance with Annex 3 to these Business Terms and Conditions.
19. The MNB carries out the examination of the legal tender taken over for currency expert examination within 30 calendar days.
20. The MNB will pay the Customer the value of banknotes examined by the currency expert by transfer to a payment account or by post, as the Customer may determine. If the value of the banknotes received for inspection by a currency expert exceeds HUF 200,000, the MNB will only make the relevant payment by transferring the amount to a payment account of the Customer. Banknotes and coins sent for examination will not be returned by the MNB.
21. Foreign currencies found to be authentic as a result of the currency expert examination are returned by the MNB to the Customer by post.
The MNB is also entitled to hand over the foreign currency found to be authentic as a result of the currency expert examination to a proxy of the Customer. The provisions of Section 33 shall apply to the authorisation, provided, that the power of attorney or the declaration must be sent to the Cash Expert and Development Division of the MNB.
22. Banknotes and coins, including foreign currencies, found to be counterfeit by the currency expert examination are withdrawn by the MNB without any compensation paid.
23. The information related to banknotes and coins, including foreign currencies, found to be counterfeit by the currency expert examination and the outcome of the currency expert examination performed, is sent by the MNB to the competent local investigative authority based on the provisions of the agreement for cooperation in combating counterfeiting concluded with the National Police Headquarters.
24. The MNB notifies the Customer of the outcome of the expert examination by electronic mail if the Customer has provided his electronic contact or, failing this, by postal letter.

EXCHANGE OF COMMEMORATIVE BANKNOTES AND COINS TO CIRCULATION BANKNOTES OR COINS AND CASHING OF RECEIPTS THAT ENTITLE THE HOLDER TO COMMEMORATIVE BANKNOTES

25. The Hungarian Mint Ltd., acting on behalf of the MNB, exchanges commemorative banknotes and commemorative coins – except as provided for in Section 26 – qualifying as legal tender to banknotes and coins in circulation at face value, and redeems receipts entitling to commemorative banknotes (at the venue and during the opening hours defined in Section 5).
26. The Hungarian Mint Ltd, acting on behalf of the MNB, shall refer the Customer to the MNB if the condition of the commemorative banknote or coin intended to be exchanged differs from that at issue and there is a doubt about its genuineness. The MNB shall accept memorial banknotes and memorial coins for examination by a currency expert against a receipt completed by the Customer and defined in Annex 3 to these Business Terms and Conditions, and it shall pay the value to the Customer by transfer to a payment account,

in accordance with the result of the currency expert examination carried out within 30 calendar days.

If, based on the expert examination conducted, the value cannot be refunded, the MNB notifies the Customer thereof by electronic mail if the Customer has provided his electronic contact or, failing this, by postal letter, without returning the commemorative coin or banknote received.

EXCHANGE OF BANKNOTES AND COINS FIT FOR CIRCULATION TO COMMEMORATIVE VERSION OF CIRCULATION COINS

27. The MNB determines the possibility and conditions of exchanging certain circulation coins to commemorative coins in an announcement published after the issuance of the commemorative version of the circulation coin. The MNB posts the announcement in its cashier premises and publishes it on its website.

III. MISCELLANEOUS PROVISIONS

28. The MNB carries out its cash transactions within the framework of the prevailing statutory regulations, particularly in conformity with the Civil Code, the Act on the Magyar Nemzeti Bank and the provisions of the statutory regulations governing the technical tasks related to the processing and distribution of banknotes and coins and their protection against counterfeiting as well as the prevention of and combating money laundering and terrorism financing. With reference to the above, the MNB may ask customers to complete a Customer Data Sheet for cash transactions. The form is available in Annex 7 to these Business Terms and Conditions. If the request is rejected, the MNB may refuse to carry out the cash transaction.
29. The MNB shall not be liable for damage resulting from unavoidable reasons beyond the MNB's control, following in particular from acts of God, domestic or foreign statutory legislative regulations, regulatory provisions or epidemiological measures, refusal or late granting of necessary official permits or approvals, delayed submission or lack of other necessary documents or inaccurate data supply.
30. The MNB shall treat as banking secret all the information that comes to its knowledge concerning the Customer in the course of the cash transactions conducted by it under these Business Terms and Conditions and disclose it, with the exception of cases regulated in separate statutory regulations, to third persons only if authorised to do so by the Customer in a public document or a private document with full probative force precisely defining the scope of the bank secrets that can be disclosed in respect of the Customer.
31. The MNB shall process personal data coming to its knowledge in the course of the cash transactions falling within the scope of these Business Terms and Conditions in accordance with Annex 4 to these Business Terms and Conditions.
32. Customers may submit complaints and other comments regarding the cash transactions performed by the MNB orally or in writing. The form for submitting complaints and other comments and recording complaints lodged orally is included in Annex 5 to these Business Terms and conditions.

The MNB investigates the Customer's complaint within the shortest time possible, but not later than within 15 calendar days of the receipt of the complaint by the MNB. In justified cases, this time limit may be extended by up to 30 calendar days.

The MNB informs the Customer in writing about the extension of the time limit for processing the complaint, its decision concerning the Customer's complaint and the measures taken or omitted.

33. The Customer's proxies may also act on behalf of the Customer before the MNB in connection with cash transactions concerning the Customer.

Customers are obliged to notify the MNB about the names of those acting on their behalf, as well as any changes therein in the form of a power of attorney drawn up in a public document or a private document with full probative force in the case of natural persons or in the form of a declaration signed by the person(s) entitled to represent the organisation in the case of legal entities or organisations without legal personality. In addition to the names of the persons indicated in the power of attorney or declaration, the numbers of their identity cards also must be provided. In the case of foreign nationals, the number of an official document, containing the name, the place and date of birth, the proxy's photo and signature, suitable for identifying the person acting on behalf of the Customer must be provided.

34. Customers are directly and fully liable for the person(s) acting on their behalf.

35. If suspicion of crime arises in connection with legal tenders submitted to the MNB within the framework of initiating a cash transaction under these Business Terms and Conditions, the MNB is entitled to withhold the payment of the value until the investigation by the law enforcement agencies is closed.

In the above case, the MNB shall accept the legal tender against a receipt completed by the Customer in accordance with Annex 3 to these Business Terms and Conditions, and it shall carry out the identification of the Customer at the same time. Where the circumstances of the damage are confirmed by official minutes, this document must also be attached to the receipt.

The MNB pays the value of the legal tenders after the law enforcement agencies have closed the investigation only if the law enforcement agency acting in the matter allows doing so.

If, authority that conducted the criminal proceedings prohibits the payment of the exchange value, the MNB notifies the Customer thereof by electronic mail if the Customer has provided his electronic contact or by postal letter.

RULES ON THE PROCESSING OF PERSONAL DATA

In the course of its data processing activity, the MNB shall act on the basis of the laws concerning the processing of the personal data of natural person Customers and natural persons acting on behalf of Customers that are legal entities or entities without legal personality (hereinafter collectively, Customer) and the laws governing the activity of the MNB, in particular, the provisions of Regulation 2016/679/EU of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC, of Act CXII of 2011 on the Right of Informational Self-Determination and on Freedom of Information, Act CXXXIX of 2013 on the Magyar Nemzeti Bank, as well as of the provisions of these Business Terms and Conditions and the contractual representations made on the basis of those, and of the internal rules, regulations and information notes related to the protection of personal data provided by the Customer.

The MNB shall process the personal data obtained within the scope of these Business Terms and Conditions as follows.

1. In performing its activity, the MNB shall proceed considering the following principles in regards to data processing:

- It shall process the personal data in its possession lawfully, fairly and in a transparent manner in relation to the data subject;

- It shall process the volume of data truly necessary for the performance of its activity and process only personal data that are essential and suitable for realising the purpose of the data processing;
- It shall pursue its data processing activity only to the extent and for the period specified in the laws and necessary for the realisation of the purpose. Upon the termination of the statutory conditions and the purpose, it shall delete or, if it has the opportunity, render the data anonymous;
- It shall ensure the accuracy and completeness and, when necessary in view of the data processing, the up-to-dateness of the data, as well that the data subject can be identified and linked to the data only for the period necessary for the purpose of the data processing;
- It shall – bearing in mind the prevailing technology, the costs of implementation, the nature, scope, circumstances and purpose of its data processing activity, as well as the risks of varying probability and severity – develop and formulate such technical and organisational measures that provide adequate guarantee for the MNB's compliance with the relevant statutory requirements;

Data subjects shall have the right to withdraw consent at any time. The MNB shall not be liable for any damages arising from any incorrect, incomplete or inaccurate data provided to it by the Customer.

c) Based on consent:

In the case of data processing based on the Customer's consent, the MNB processes the Customer's personal data until the consent is withdrawn or the purpose of the processing is achieved (being the period specified in the data protection notice).

If the Customer initiated at the MNB a contract falling within the scope of these Business Terms and Conditions but the contract has not been concluded due to any reason, the MNB shall process the personal and other data related to the contract, qualifying as bank secret, as long as claims related to the frustration of the contract may be exercised, which is the general 5-year term of limitation defined in the Civil Code, unless the law provides otherwise.

The retention of the data of other data subjects is aligned with the retention of the Customer's data.

Erasure of data

In accordance with the principle of storage limitation, the MNB shall pursue its data processing activity only to the degree and for the period specified in the laws and necessary for the rendering of the service falling within the scope of these Business Terms and Conditions, and for the realisation of the purpose of the data processing; upon the expiry of the statutory conditions and the purpose of the data processing, it shall delete the data.

The MNB shall, at its discretion, delete the data when the specified duration of the data processing expires, or prior to that if:

- the data subject asks for this and there is no legal obstacle to the erasure, and the erasure does not prejudice the legitimate interest of the MNB or of any third party affected by the transaction and the data processing, in particular, its interest in the establishment, exercise or protection of legal claims;
- erasure of the data is required by the law;
- validly ordered by the court or public authority.

5. Transmission of data

The MNB will be entitled and/or obliged to transfer or make available to authorised persons the data it processes if this is required by law, or is necessary for the performance of the

contract, or if the consent of the Customer concerned (including the Customer's duly given authorisation) so permits. The MNB provides information on the data transfer at the Customer's request.

6. The rights of and remedies available to the data subject are included in the MNB's general data processing notice.

7. The data processing periods applicable to certain data processing operations, in particular for audio and video recordings and complaint handling, are set out in the Data Processing Notice available on the MNB's website¹ (hereinafter: general data processing notice). Information on data processing rights and remedies is also available in the general information notice.
